(Indeed, 2014)
I have been in the healthcare profession for over 25 years. I have had the opportunity to work in various hospitals and in different departments in the Pittsburgh, PA and surrounding vicinity. I have worked in the Medical/Surgical department Education Department and the main CPR instructor of the facility. Currently I am the Assistant Director of Nursing in a long-term care/skilled nursing facility. With this experience I have a wealth of information that can be implemented in the classroom setting.

I am a recent graduate of Edinboro University with a MSN degree. I have maintained my license in the Commonwealth of PA and have completed my required continuing education requirements. I have been a member of The American Nurses Association (ANA) since 1990.

I believe I would be an asset to Conemaugh School of Nursing. With my experience and determination a fair salary would be $69,000 annually in reference to the Bureau of Labor Statistics (Bureau of Labor Statistics, 2013).
